November 12, 2020

Covid numbers around the world continue to fluctuate. Covid-19 cases are spiking.

We are seeing spikes in our Jurisdiction. Governor Cuomo has imposed additional curfews by limiting gatherings to 10 persons.

We will follow the same rules and as of Friday, November 13, 2020, we will limit our meeting numbers to 10 persons and all meetings must conclude by 9:30 PM with lights out by 10:00 PM.

We all see the message by the Governor and the plans for enforcement.

I have been in contact with neighboring jurisdictions in the north east and these measures have already been put in place for their lodges.

Some areas are being declared as “yellow” zones. You don’t need a letter from me. Yellow means no meetings.

I realize you have degrees and meetings planned. But we must adhere to current guidelines.

The unknown path of Covid-19 makes it difficult for all of us to plan. To include Grand Lodge.

I will be hosting a series of virtual meetings to provide updates. As always, I encourage discussion as to how we can adjust.

Stay safe.

Sincerely and Fraternaly,
